

Second-Look Recycled Product Features

- Contains at least 20% total recycled content with a minimum of 10% post-consumer
- Recyclable (through Second-Look Reclamation Program)
- Meets State of Washington Building Specification for Indoor Air Quality (Low VOC)
- Meets California Section 01350 Indoor Air Quality Standard (Low VOC)

Second-Look Supports USGBC LEED Categories

- MR - Materials and Resources: Recycled content
- MR - Materials and Resources: Construction waste management
- EQ - Indoor Environmental Quality: Low emitting materials

Additional Health and Safety Features

- Does not contain formaldehyde
- PFOA free - does not contain Perfluorooctanoic Acid
- Cadmium and mercury free
- Free of PBDE's (Brominated Flame Retardants)
- Does not contain DEHP plasticizers
- Enhanced fire safety
- Mold and mildew control

Supports Life Cycle Analysis (LCA)

- Superior life cycle performance (up to 10+ years)

Safety: Fire Protection

- PVC is inherently flame resistant
- Is self extinguishing
- NFPA 101 - Life Safety Code
- NFPA 286 Corner Burn
- Class A (ASTM E-84)

Health: Bacterial / Microbial Control

- The tough, non absorptive surface of vinyl wallcoverings makes cleaning easy.
- Ease-of-cleaning makes vinyl a material of choice in healthcare facilities.
- Can be made breathable to inhibit mold growth by being microvented.
- Further protection is made by the use of an antimicrobial additive.
